ALEXANDRA GDNS SAVED!

Lib Dems,
John Edwards & Julian Tisi
in Alexandra Gardens

Lib Dems and Windsor residents are celebrating the defeat of Tory plans to build a multi-storey car park at Alexandra Gardens.

“Its good to see local people can affect the outcome of things if they really get behind a campaign!” said Lib Dem Spokesman Julian Tisi.

The rail based M4 Park & Ride cancelled by the Conservatives was to be funded by the Regional Assembly and the Olympic Delivery Agency and would have provided 1800 spaces, reducing traffic and pollution in Windsor, Eton and Datchet.

Conservatives now plan to build a 400 space park & ride on the Green belt next to Windsor racecourse. The Tory scheme has been described as a “Park & Queue” in the local press as you will queue in traffic to get to it by car and then queue in traffic on the bus to get into Windsor!

£1 million more Tory Taxes

Borough Conservatives are raising fees and charges by £1million to sort out the council's budget problems.

Home care charges have risen by 18% in just over a year singling out the most vulnerable residents for one of the highest increases.

Increased charges for collecting bulky items will mean more fly tipping and at a time when we should be encouraging young people to get fit, there are big increases for children to go swimming.

The Tories should be tracking down savings, not covering up their budget disaster with sneaky stealth taxes.

Some Examples

Home care charges up to £15.50 an hour - 18% rise in just over a year

Children's swimming up by up to 10%

Collection of Bulk items rubbish up 23% in a year

Getting married increased by up to 10% in some places

**STEALTH TAX
TORIES**

LIB DEMS

CALL FOR FREE GARDEN RECYCLING COLLECTION

Last year Lib Dem campaigning stopped the Conservatives ending the free Weekend Garden Waste Collection Service and fining people for putting the wrong things in their wheelie bins.

Now the Tories have introduced a fortnightly garden waste collection costing £29 as well as keeping the free service. The Lib Dems have launched a new campaign to make the fortnightly garden waste collection free to everyone.

"In many parts of the country, this service is a free part of the council's normal waste and recycling services,"

says Lib Dem Julian Tisi.

"Charging for this service is a disgrace. Waste collections should be free, to encourage recycling and discourage fly-tipping," says Julian.
