## Julian Tisi says THANK YOU

Julian Tisi says "Thank you," to all the thousands of people who voted for him in the General Election recently.

Julian said, "Across Britain more people than ever voted Liberal Democrat - nearly seven million people."

Now many of the policies those people voted for will be put into practice through the coalition. This includes action for fairer taxes, cleaning up politics and getting the economy moving again.

"Labour has failed Britain for too long and even after the election, refused to talk seriously about working with the Lib Dems."

At the election, the people chose to give no party an overall majority. People wanted politicians to put aside their differences and work together to sort out the nation's problems.

Through collaboration many of the desired Lib Dem policies will now deliver real change for Britain. Nationally, NHS funding is guaranteed, schools will get more funding and most pensioners will get a better deal.

**Britain needs change - the Lib Dems will deliver this.**

Julian Tisi says, "Thank you."

## Four steps to a Better Borough

### Cleaning up the Neighbourhood

The condition of roads and pavements has deteriorated and anti-social behaviour & car crime are a serious problem. Liberal Democrats are fighting to reverse this.

### Protecting the Vulnerable

Liberal Democrats are committed to stopping Council Conservatives cutting services to the vulnerable and using stealth taxes to charge them more for essential services.

### Making the Borough Green

Liberal Democrats are determined to turn the Borough into a green and sustainable Borough where green issues are given a priority.

### Providing Value for Money

Local Lib Dems are fighting hard against Council Conservative stealth taxes that have gone up by £18 million a year.

# Fairer taxes action

**Nearly a million low paid workers will no longer pay income tax thanks to the Lib Dems in Government.**

Raising personal allowances by £1000 to £7475 a year will also cut £170 off the average tax bill.

Nick Clegg said, "Labour's huge debt means this is the toughest budget in years.

"This budget takes vital steps to putting our nation's finances back in order and delivering on our promise for fairer taxes made in the election."

Nick Clegg put fairer taxes at the heart of the election campaign. Now those promises are being kept.

## The emergency budget at a glance.....

- Action to put the nation's finances back in order - after years of Labour waste and incompetence
- Nearly 1 million low earners taken out of tax
- £2 billion extra child tax credit to tackle poverty
- Help for pensioners - earnings' link restored
- Top earners to pay 10% more in Capital Gains Tax
- A new tax on banks

## Broom Farm Creche Still Under Threat

Residents in Broom Farm continue to be concerned about threats to the creche at the Community Centre in Furness Way.

Council Conservatives recently decreed that the creche could only be used by parents taking learning courses at the centre and would be closed to everyone else.

Despite a temporary stay of execution until November, many residents have come to depend on the affordable facility for child care since Bumbles pre-school closed down.

Liberal Democrat campaigner **Richard Fagence** said, "I support the protests of local families against the proposed restrictions on this creche."

"Despite the Council Conservatives promises on priorities for service families and their children, they have targeted a much appreciated facility."

"They can waste £40,000 of council tax payers money on traffic lights, but child care has to be cut to save money."

## Local roads remain unrepaired

Damage caused by the cold weather earlier this year, and the failure of Council Conservtives to implement the existing road gritting plan until it was too late, means that many roads in this area still suffer from potholes and other defects six months later.

Local Lib Dem campaigner **Richard Fagence** said, "Motorists are still having to put up with

major road surface defects and cyclists run considerable risks while riding, particularly after dark.

"Filling potholes with tarmac and then moving on is not a long term solution."

"The safety of road users should be a priority."

## Council Conservatives Wasting our Money

The Council Conservatives are spending thousands of pounds on agency staff to cover the gaps made by staff redundancies.

This was done after spending £1.7 million on a redundancy programme.

**Richard Fagence** said, "The Conservatives should be doing more joined-up thinking, not making people redundant and then having to hire temps to cover their old jobs."

## LIB DEM RECESSION BUSTERS

## Lib Dems bring Credit Union to Borough

Liberal Democrats have persuaded the Borough Council to help start a credit Union for the Borough - in partnership with the Reading Credit Union.

A Credit Union is a bank - available for secure savings and low-cost loans. It is targeted at low income households and is owned and run by its members.

It encourages savings especially for people on low incomes and keeps many people out of the hands of loan sharks through small low cost loans.

**Richard Fagence** said, "Helping local people through the recession is one of the main priorities for the Lib Dems locally."

## POT HOLE WATCH

There are more and more pot holes appearing all over our town.

**Richard Fagence** said, "These not only make the town look tatty, they are also dangerous for cycles, motorcycles and cars.

"Please report any pot holes you see to us and we will put pressure on the council to sort them out."
