ALEXANDRA GDNS SAVED!

Lib Dems Julian Tisi, John Edwards & Antony Wood in Alexandra Gardens

Lib Dems and Windsor residents are celebrating the defeat of Tory plans to build a multi-storey car park at Alexandra Gardens.

“Its good to see local people can affect the outcome of things if they really get behind a campaign!” said Lib Dem Spokesman Julian Tisi.

The rail based M4 Park & Ride cancelled by the Conservatives was to be funded by the Regional Assembly and the Olympic Delivery Agency and would have provided 1800 spaces, reducing traffic and pollution in Windsor, Eton and Datchet.

Conservatives now plan to build a 400 space park & ride on the Green belt next to Windsor racecourse. The Tory scheme has been described as a “Park & Queue” in the local press as you will queue in traffic to get to it by car and then queue in traffic on the bus to get into Windsor!

£1 million more Tory Taxes

Borough Conservatives are having to raise fees and charges by £1 million to sort out the council's budget problems.

Essential home care services have risen by 18% in just over a year singling out the most vulnerable residents for one of the highest increases.

Some Examples

Home care charges up to £15.50 an hour - 18% rise in just over a year

Children's swimming up by up to 10%

Collection of Bulk items rubbish up 23% in a year

Getting married by up to 10% in some places

Increasing the cost for collection of bulky items will mean more fly tipping and at a time when we should be encouraging young people to get fit, there are some big increases for some junior swimming.

As we head into recession it seems ridiculous to be increasing the costs of Borough services for local residents.

The Tories should be tracking down savings, not covering up their budget disaster with sneaky stealth taxes.

TORIES**

TORIES DRIVE THROUGH TRAFFIC LIGHTS

Lib Dem Lee Hibbard at the junction of Clewer Hill Rd and Winkfield Rd with the letter sent to residents dated a month after the works were due to start!

Residents in the Clewer Hill Rd, Winkfield Rd and St Leonard's Rd Area of Windsor are up in arms after the Conservatives started road works to replace the existing mini roundabout with traffic lights, without consulting residents. Local resident Lee Hibbard received a council letter telling her about the plans on 17th January, just 2 days before work was due to start. Bizarrely the letter was dated 16th February!

"This is an increasing problem with the current Conservative Administration of the Council. In other places people have found double yellow lines appearing illegally or in the wrong place" says Lib Dem Julian Tisi
